

Comprehensive employer-of-record, onboarding, and payroll services for BOCES Youth & Adult/Continuing Education Workforce Development Programs!

# Rockland BOCES Youth Connections Program Grant Funded Vendor

## How do we support the Rockland BOCES Youth Connections Program?

- We handle all onboarding for the youth participants in the youth experience program.
- We handle all payroll processing, workers comp, tax reporting, etc.
- We provide Rockland BOCES with all the back end support to make the program work!

## We simplify onboarding and payroll!

The Workforce Innovation & Opportunity Act (WIOA) provides selected agencies with funding opportunities to build a strong workforce by facilitating strong links between employers and young adults; providing academic learning opportunities alongside workplace training; and helping young adults create their career pathways and develop the necessary skills to move ahead on that path. If you are looking for support in the development of paid work experiences, internships, or on-the-job training we can be there to help! Through our partnership with BOCES, we have streamlined this process and have provided a solution to their hiring needs!

## Rockland BOCES Success Story:

Quote from Youth Connection Coordinator Stephanie Compasso

“Our goal at Rockland BOCES’ “Youth Connections” program is to prepare young adults for the workforce. In order to do this, we provide participants with real world experience through our paid internship program. RJ Staffing handles all of the “red tape,” allowing us to focus on developing meaningful experiences with our students and not get bogged down in the sea of paperwork! The staff at RJ Staffing is innovative, supportive, and always looking to help us create the best possible experience for our students.”
